

2009

WASHINGTON STATE Joint Aquatic Resources Permit Application (JARPA) Form [\[help\]](#)

US Army Corps
of Engineers
Seattle District

AGENCY USE ONLY

Date received: _____

Agency reference #: _____

Tax Parcel #(s): _____

USE BLACK OR BLUE INK TO ENTER ANSWERS IN WHITE SPACES BELOW.

Part 1—Project Identification

Unique project information that makes it easy to identify. [\[help\]](#)

1a. Unique Project Identifier Number (UPI #) [help]
<ul style="list-style-type: none"> Don't have one yet? Get one at http://www.epermitting.wa.gov or call the Washington Governor's Office of Regulatory Assistance at (800) 917-0043.
375107-09-01
1b. Project Name (Examples: Smith's Dock or Seabrook Lane Development) [help]
Sunland Boat Ramp Repair

Part 2—Applicant

The person or organization responsible for the project. [\[help\]](#)

2a. Name (Last, First, Middle) and Organization (if applicable)			
Washington Department of Fish and Wildlife, Engineering Division			
2b. Mailing Address (Street or PO Box)			
600 Capitol Way North			
2c. City, State, Zip			
Olympia, WA 98501			
2d. Phone (1)	2e. Phone (2)	2f. Fax	2g. E-mail
(360) 902-8300	()	(360) 902-8367	Marty.Peoples@dfw.wa.gov

Part 3—Authorized Agent or Contact

Person authorized to represent the applicant about the project. (Note: Authorized agent(s) must sign 11b. of this application.) [\[help\]](#)

3a. Name (Last, First, Middle) and Organization (if applicable)			
Peoples, Marty, Dan WDFW			
3b. Mailing Address (Street or PO Box)			
600 Capitol Way North			
3c. City, State, Zip			
Olympia, WA 98501			
3d. Phone (1)	3e. Phone (2)	3f. Fax	3g. E-mail
(360) 902-8426	()	(360) 902-8367	Marty.Peoples@dfw.wa.gov

Part 4—Property Owner(s) [\[help\]](#)

Contact information for people or organizations owning the property(ies) where the project will occur. [\[help\]](#)

Same as applicant. (Skip to Part 5.)

Repair or maintenance activities on existing rights-of-way or easements. (Skip to Part 5.)

There are multiple property owners. Complete the section below and use [JARPA Attachment A](#) for each additional property owner.

4a. Name (Last, First, Middle) and Organization (if applicable)			
4b. Mailing Address (Street or PO Box)			
4c. City, State, Zip			
4d. Phone (1)	4e. Phone (2)	4f. Fax	4g. E-mail
()	()	()	

Part 5—Project Location(s)

Identifying information about the property or properties where the project will occur. [\[help\]](#)

There are multiple properties or project locations (e.g., linear projects). Complete the section below and use [JARPA Attachment B](#) for each additional property.

5a. Street Address (Cannot be a PO Box. If there is no address, provide other location information in 5n.) [help]			
Answer in 5n.			
5b. City, State, Zip (If the project is not in a city or town, provide the name of the nearest city or town.) [help]			
5c. County [help]			
Grant County			
5d. Provide the section, township, and range for the project location. [help]			
¼ Section	Section	Township	Range
NW	12	T18N	R22E
5e. Provide the latitude and longitude of the project location. [help]			
• Example: 47.03922 N lat. / -122.89142 W long			
47.0690 N lat / -120.0245 W long			
5f. List the tax parcel number(s) for the project location. [help]			
• The local county assessor's office can provide this information.			
150007000			
5g. Indicate the type of ownership of the property. (Check all that apply.) [help]			
<input type="checkbox"/> State Owned Aquatic Land <input type="checkbox"/> Tribal <input type="checkbox"/> Private			
<input checked="" type="checkbox"/> Other publicly owned (federal, state, county, city, special districts like schools, ports, etc.)			

5h. Contact information for all adjoining property owners, lessees, etc. (If you need more space, use [JARPA Attachment C.](#)) [\[help\]](#)

Name	Mailing Address	Tax Parcel # (if known)
William Henderson	225 222 nd Place SE Sammamish WA 98074	50601000
Gerald and Shirley Clasen	1305 Section Road South Quincy WA 98848	50602000 50604000
Edward and Susan Tasca	3936 Park Avenue North Renton WA 98056	50603000
James Navarre	9025 126 th Ave NE Kirkland WA 98033	50605000

5i. Is any part of the project area within a 100-year flood plain? [\[help\]](#)

Yes No Don't know

5j. Briefly describe the vegetation and habitat conditions on the property. [\[help\]](#)

This site is located in a semi-arid area and is within the riparian zone of the Columbia River. Wood's rose and Douglas Hawthorn exist onsite and were planted as part of a mitigation plan. Narrow-leaf Willow also is found onsite. Most of this access site is developed and contains a gravel parking lot and concrete boat ramp. The vegetation is confined to an undisturbed strip next to the river.

5k. Describe how the property is currently used. [\[help\]](#)

The property is used as public boat launch and is maintained by the Washington Department of Fish and Wildlife. Some swimming and fishing activities also occur here.

5l. Describe how the adjacent properties are currently used. [\[help\]](#)

Adjacent properties include undeveloped private and public land. On the north end of the site properties are developed and contain private home sites.

5m. Describe the structures (above and below ground) on the property, including their purpose(s). [\[help\]](#)

Existing structures onsite include a vault toilet, concrete launch ramps, two signs, and a gate.

5n. Provide driving directions from the closest highway to the project location, and attach a map. [\[help\]](#)

Take baseline Road off of Interstate 5, right for 5.1 miles, then left on West SW, then go 1 mile to Y, right on Sunland Road 2.9 miles (Wanapum Drive SW). The site is located on South Section Place at Sunland Estates, Washington.

Part 6–Project Description

6a. Summarize the overall project. You can provide more detail in 6d. [\[help\]](#)

This boat launch was renovated in 2005 which included installing a double ramp, installing a vault toilet and ADA parking pads, and fencing the perimeter to protect the bank. Since that time the bottom of the boat ramp has experienced damage from boat loading activities and a scour hole now exist at the end of the ramp, which has also undermined the end of the concrete ramp.

This project proposes to fix this damage and consists of activities described and permitted in the original 2005 project. WDFW would fill this scour hole with quarry spalls and install an 16 foot by 32 foot section of armorflex mat over the top of the quarry spalls to prevent this damage from occurring again.

6b. Indicate the project category. (Check all that apply.) [\[help\]](#)

- Commercial Residential Institutional Transportation Recreational
 Maintenance Environmental Enhancement

6c. Indicate the major elements of your project. (Check all that apply.) [\[help\]](#)

- | | | | |
|---|---|--|--|
| <input type="checkbox"/> Aquaculture | <input type="checkbox"/> Culvert | <input type="checkbox"/> Float | <input type="checkbox"/> Road |

| <input type="checkbox"/> Channel Modification | <input type="checkbox"/> Fishway | | |

Other: _____

6d. Describe how you plan to construct each project element checked in 6c. Include specific construction methods and equipment to be used. [\[help\]](#)

- Identify where each element will occur in relation to the nearest waterbody.
- Indicate which activities are within the 100-year flood plain.

Construction methods would involve (during low water levels) using an excavator to place and move quarry spalls, and also lay down an armorflex concrete mat at the base of the concrete ramp planks. This excavator would be operated mostly with the tracks out of the water. A small portion of the work would require the excavator tracks to enter the water. The tracks would not be operated on native streambed material but only from hardened surfaces installed during the 2005 project. This project would be completed within three days and impacts have already been reviewed under the permitting process conducted in 2005.

6e. What are the start and end dates for project construction? (month/year) [\[help\]](#)

- If the project will be constructed in phases or stages, use [JARPA Attachment D](#) to list the start and end dates of each phase or stage.

Start date: October 12 2009

End date: October 16, 2009

See JARPA Attachment D

6f. Describe the purpose of the work and why you want or need to perform it. [\[help\]](#)

This project is necessary to prevent damage to boats and trailers launching at Sunland Launch.

6g. Fair market value of the project, including materials, labor, machine rentals, etc. [\[help\]](#)

30,000 dollars.

6h. Will any portion of the project receive federal funding? [\[help\]](#)

- If yes, list each agency providing funds.

Yes No Don't know

Part 7–Wetlands: Impacts and Mitigation

- Check here if there are wetlands or wetland buffers on or adjacent to the project area.
(If there are none, skip to Part 8.)

7a. Describe how the project has been designed to avoid and minimize adverse impacts to wetlands. [\[help\]](#)

Not applicable

7b. Will the project impact wetlands? [\[help\]](#)

Yes No Don't know

7c. Will the project impact wetland buffers? [\[help\]](#)

Yes No Don't know

7d. Has a wetland delineation report been prepared? [\[help\]](#)

- If yes, submit the report, including data sheets, with the JARPA package.

Yes No

7e. Have the wetlands been rated using the Western Washington or Eastern Washington Wetland Rating System? [\[help\]](#)

- If yes, submit the wetland rating forms and figures with the JARPA package.

Yes No Don't know

7f. Have you prepared a mitigation plan to compensate for any adverse impacts to wetlands? [\[help\]](#)

- If yes, submit the plan with the JARPA package.

Yes No Not applicable

7g. Use the table below to list the type and rating of each wetland that will be impacted; the extent and duration of the impact; and the type and amount of compensatory mitigation proposed. If you are submitting a compensatory mitigation plan with a similar table, you may simply state (below) where we can find this information in the mitigation plan. [\[help\]](#)

Activity causing impact (fill, drain, excavate, flood, etc.)	Wetland type and rating category ¹	Impact area (sq. ft. or acres)	Duration of impact ²	Proposed mitigation type ³	Wetland mitigation area (sq. ft. or acres)

¹ Ecology wetland category based on current Western Washington or Eastern Washington Wetland Rating System. Provide the wetland rating forms with the JARPA package.

² Indicate the time (in months or years, as appropriate) the wetland will be measurably impacted by the activity. Enter "permanent" if applicable.

³ Creation (C), Re-establishment/Rehabilitation (R), Enhancement (E), Preservation (P), Mitigation Bank/In-lieu fee (B)

Page number(s) for similar information in the mitigation plan, if available: _____

7h. For all filling activities identified in 7g., describe the source and nature of the fill material, the amount in cubic yards that will be used, and how and where it will be placed into the wetland. [\[help\]](#)

7i. For all excavating activities identified in 7g., describe the excavation method, type and amount of material in cubic yards you will remove, and where the material will be disposed. [\[help\]](#)
